

Learn *Your* Landscape

The **Chesterfield County Extension Office** offers the **Learn *Your* Landscape** program, where residents can learn about maintaining and enhancing their landscape. The program includes a site visit by a trained Master Gardener volunteer. The volunteer will evaluate and answer site specific questions regarding your property, such as:

- Why are the plants in my yard not thriving?
- What plants will grow well in my area of Chesterfield County?
- What plants are on my property and how do I take care of them?
- How can I improve the sustainability of my landscape ?

NEW in 2015! Wildlife Habitat component added in collaboration with
Habitat Partners © of the *Virginia Department of Game and Inland Fisheries*

A \$30 fee covers the cost of supplies, materials and personalized guide.
Please note that turf grasses will not be addressed in this program.
